TECHNICAL NOTES

Conversation-specific knowledge extracted from the copying dimensions between sheets discussion.

CONVERSATION / QUESTION AND CONTEXT

I have a top view dimensioned on a shaft, can I copy those dimensions to another sheet

CONVERSATION / EXTRACTED GUIDANCE

1. Yes, you can reuse or copy dimensions to another sheet
2. But they are usually linked to the original view/model, so behavior varies
3. --
4. Select the dimensions in your top view
5. Copy -> switch to the other sheet -> paste
6. [warning] Works best if the same view exists on that sheet
7. [warning] Dimensions may lose proper references or become "dumb" (not associative)
8. Many programs let you import dimensions directly from the 3D model into multiple sheets
