

Redlines and Drawing Issues

CHAT-0290 / REV EXPORT-03 / 2025.07.21

A conversation-specific public summary of redlines and drawing issues, distilled from the supplied export. The detailed excerpts remain available in the released note file.

STATUS	RECOVERED / SPECIFIC NOTE
CLASSIFICATION	SYS
MATERIAL	CHAT EXPORT / BUILD & TOOLS
DISPOSITION	PUBLIC CONVERSATION EXCERPTS / REDACTED
CATEGORY	Build & Tools
RECORD TYPE	build-thread

TECHNICAL NOTES

Conversation-specific knowledge extracted from the redlines and drawing issues discussion.

CONVERSATION / QUESTION AND CONTEXT

Redlines are located in the below directory. [private project folder removed] Also as a general issue with most of the drawings. There isn't a "X" between part size in the title block on sheet metal parts. A lot of drawings have old dates and names of people that do not work here anymore.

CONVERSATION / EXTRACTED GUIDANCE

-
- *[private project folder removed]
- *General Drawing Issues:
- Many sheet metal part title blocks are missing the "X" between dimensions in the part size (e.g., showing "24 36" instead of "24 X 36").
- Several drawings still list outdated dates and names of individuals who are no longer with the company.
- Let me know if you'd like to tailor this for a specific recipient or include action items.

SPECIFICATION

SOURCE	Supplied ChatGPT export
CATEGORY	Build & Tools
CONVERSATION	1 user turns / 1 assistant turns
ATTACHMENTS	1 references detected
PUBLIC DETAIL	Extracted knowledge + excerpts

DEVELOPMENT HISTORY

2025.07.21 / EXPORT-04

Matched to the supplied export; key guidance is surfaced separately and the raw transcript remains unpublished.
